TRANSFER TO MASON
Every year, 4,000 new students transfer to Mason to complete their degrees. So yes, you could say we’re a transfer-friendly institution.

We’re also a diverse one. Our campus is a mosaic of humanity, where a multitude of different people, languages, and perspectives come together, from 130 countries and all 50 states. And while we may not always share the same opinion, we embrace a mutual respect for different points of view.

Mason is all about self-expression and discovering what gets your intellectual and creative juices flowing. Track the migration of sea turtles, learn Mandarin, build a robot, start a green business, observe the life cycle of a star, outsmart cyber terrorists, or just have a spontaneous game of Frisbee on the Quad.

It’s all here. You just have to want to own it.

IT’S NOT WHERE YOU START. IT’S HOW STRONG YOU FINISH.
One of the many advantages of being close to D.C. is the number of internship possibilities you have access to. And we’re not just talking about on Capitol Hill. Yes, there is the Department of Justice, CIA, and the Washington Post. But there are also hundreds of nonprofits, think tanks, tech companies, startups, museums, and performing arts centers where you can apply your classroom knowledge, test out a possible career choice, and make valuable contacts.

D.C. also offers lots of cool things to do in your downtime. Get off the beaten track and discover one-of-a-kind shops, live music venues, artisanal brewpubs, global cuisine, and so much more. Got a craving for Korean barbecue? Chances are your new go-to joint is right around the corner.
We're just getting started! Show off your Patriot Pride by cheering for one of our 22 Division I sports teams (tickets are free for students!), or play on a club or intramural team yourself.

We have four state-of-the-art fitness facilities, including indoor pools, a hot tub, and even a dry sauna!

Sleep will just have to wait.
With 6,500 Patriots living on campus, you will feel right at home. Transfers may choose to live in traditional or suite-style residence halls or select campus apartments or townhouses. No matter where you live, our spacious student centers and new Fenwick Library wing encourage lounging with friends and collaborating on projects.

Mason has more than 350 student organizations and sports clubs to join and find like-minded Patriots who share your interests, whether it’s swing dance, table tennis, or rock climbing. If you want to work on your six-pack or just de-stress, there are three state-of-the-art fitness centers. Hungry? Besides residence dining, you have lots of other choices on campus, including Panera Bread, Manhattan Pizza, and a 24-hour Starbucks to help you get through finals.
MAKE THE SWITCH.

APPLYING TO MASON

Application Deadlines:
Fall Admission: March 1
Spring Admission: October 1

Regular Transfer Admission Requirements
Competitive applicants should present the following minimum criteria:
+ 30+ transferable credits from a regionally accredited institution
+ 2.85 cumulative grade point average
+ Transferable English composition and math courses to fulfill the Mason Core
+ Non-native speakers of English must meet the university’s English Language Proficiency requirement

Helpful Transfer Resources
+ The Office of Transfer Services is located in Student Union I and offers walk-in transfer counseling Monday–Friday, 9 a.m. to 5 p.m., for prospective transfer students and applicants.
+ The Transfer Credit Matrix is a database of previously evaluated courses from U.S. colleges and universities. Students may determine how courses transfer before applying for admission. admissions.gmu.edu/transfer/TransferCreditEvaluation.asp

A degree from Mason makes you a more desirable candidate to many employers, no matter what your area of study. In fact, our graduates have the #1 highest average starting salary according to the State Council of Higher Education for Virginia.

Our connections are pretty impressive too. More than 90,000 Mason alumni live and work in the Washington, D.C., metropolitan area, providing you with a valuable professional network to tap into. Plus our location in Northern Virginia puts you in close proximity to thousands of potential employers.

In other words, you don’t have to go far … to go far.
IT’S ALL HERE.

Before arriving at Mason, Lucas knew he wanted to pursue psychology. He figured whatever career path he chose, understanding what makes people tick would come in handy. As a senior, he can look back on many great Mason moments, but his most memorable day at Mason was his first day of classes. “I knew I had made the right choice in coming. Everyone was welcoming.” His favorite class? That’s easy, too—The psychology course Mystery, Murder, and Madness. “The class was so intriguing, and the teacher was very engaging.”

Natalie lived in the same town for her whole life and was looking for a change when she set her sights on Mason. “I was drawn to being in an area where no one knew me, a place where I could discover myself and the world around me.” Natalie loves having classes with professors who are active in their fields of research and have worked in government. She also enjoys exploring her new town, Washington, D.C., and even joined the Mason women’s rugby team. “I actually learned something about myself that I never imagined—I’m actually good at rugby!”
